

I want to know your peace

Thinking of all the mistakes I've been making,
promises I have been breaking,
humility I have been faking,
God, I need some help
Hoping that I can let go of delaying,
bow down my head and start praying,
listen to what you are saying,
God, I need some help

Lord, please listen to my cry
I don't know how to get by
Can't you see I'm on my knees?
I want to know your peace
Make me stronger, make me new
Nothing changes without you
Put my troubled soul at ease
I want to know your peace

Choosing to think that my friends are accusing,
I live in fear, I am losing.
Things are a little confusing,
God, I need some help
Can you help me to be like the man you
sent to help us understand you?
Give me a heart that is brand new
God, I need some help

Lord, please listen to my cry
I don't know how to get by
Can't you see I'm on my knees?
I want to know your peace
Make me stronger, make me new
Nothing changes without you
Put my troubled soul at ease
I want to know your peace

Father, I am down, I'm a fool, I'm a clown
I can feel Satan's breath in my face
When I am sad, when I'm broken and bad,
what I need is to rest in your grace

Lord, please listen to my cry
I don't know how to get by
Can't you see I'm on my knees?

I want to know your peace
Make me stronger, make me new
Nothing changes without you
Put my troubled soul at ease
I want to know your peace
