

On his victory train

Jesus Christ is my brother,
is my Saviour, He's with the Father
Waitin' there, in the heavens
We're on His victory train, right now (x2)

He's full of grace, full of truth
oh, what's the matter? It's win or loose!
Let Him lead you, to the waters
We're on His victory train, right now (x2)

So, fill the waters and get under
Let us praise Him, 'cause it's a wonder
Listen to Him, to Messiah
We're on His victory train, right now (x2)

Come on over, to His Kingdom
Where the love is, and where the light is
To your brothers and your sisters
We're on His victory train, right now (x2)
