

Simple faith

Elisha was a special man
a farmer handling several cows
then Elia threw his coat on him

Now God was calling him to leave
his comfort zone and trust in him
Elisha killed his cows and made a feast

Chorus:

Simple faith, simple trust,
simply love like he did on the earth
You will live, you'll be strong
you will see his words come true :/

He said good buy to mom and dad
They might have thought it's very sad
Elisha knew his God was in control

The journey started off they went
I don't think they brought any tent
They knew their God was in total control
